SOUTH WEST LOOS ROLLS OUT NEW ISUZU GRAFTER

Portable toilet rental company, South West Loos, has taken delivery of a new Isuzu N35.125(T) Grafter from local dealer SW Commercials, continuing a longstanding and trusted relationship with the brand.

The latest Grafter is a new addition to the company's seven-strong, all-Isuzu fleet, and is the first of its 3.5-tonners to be specifically designed for service and maintenance operations. Mounted with a specialist body featuring a waste tank and pumping unit from Rapide Tankers, South West Loos opted for the twin rear wheel model for additional stability and traction, making it ideally suited for difficult-to-access sites.

Kirsty Jones, Partner of South West Loos, says: "We've relied on Isuzu trucks for years, as they have repeatedly shown they can handle the high mileages and tough terrain we often deliver to. This is our 16th in total and represents a real milestone for the business. Purpose-built for service, it shows how as our needs have evolved, Isuzu has been able to evolve with us.

"SW Commercials has also been fantastic to work with. The team ensures we get the right vehicles for our fleet, then helps to keep them on the road so we're always ready to go, especially during our busy season. This personalised care is what keeps us coming back."

South West Loos currently operates one 11-tonne F-Series alongside six manual transmission 3.5-tonne Grifters. Each Grafter offers an impressive 3.5-tonne towing capacity, allowing them to operate with a gross train weight of up to 7 tonnes, for maximum efficiency when delivering both premium toilet trailers and single units.

The new vehicle is expected to cover 35,000 miles annually and will be on the road five days per week during the peak summer season, dropping to three to four days throughout the rest of the year.

Serviced and maintained by SW Commercials, the chassis is covered by the manufacturer's three-year unlimited mileage warranty. This includes 24/7 roadside assistance and access to the Isuzu Truck UK Customer CARE team.

Offering building site toilet hire, luxury toilet trailers, and individual portable toilets for private gatherings, weddings, corporate events and special occasions, South West Loos operates for customers across Cornwall and Devon.
