BIN BOUTIQUE CLEANS UP WITH THREE NEW ISUZU GRAFTERS

News Summary:

- *Bin Boutique introduces three Isuzu N35.125(S) Grafters to its fleet for kerbside bin cleaning services.*
- *All three feature specialist bodies to accommodate water tanks, jet washing equipment and waste recovery systems.*
- *The company has opted for a manufacturer's five-year Extended Warranty and Free Servicing Package.*

Blyth-based wheelie bin cleaning specialist, [Bin Boutique](#), has taken delivery of its first ever vehicles from [Isuzu Truck UK](#), welcoming three new 3.5-tonne N35.125(S) Grafters from local dealer [Thompson Commercials](#).

Replacing similar vehicles from another manufacturer, the new Grafters join the company's 15-strong commercial fleet. Each has been fitted with a specialist body from Robinson Truck Bodies, which has been designed to accommodate water and waste tanks, jet washing equipment, and other cleaning tools.

Claire Norvell, Owner of Bin Boutique, says: "We needed a truck that could support the specialist bin-cleaning equipment we use, while delivering the reliability and practicality we need. The Grafter offered the ideal solution and is already proving to be a great addition to our fleet – and it's brilliant to see they are also well liked by our drivers."

On the road five days per week, each vehicle is expected to cover at least 15,000 miles annually. To maximise uptime and provide long-term peace of mind, Bin Boutique opted for the manufacturer's five-year Extended Warranty and Free Servicing Package, which provides support beyond the standard three-year unlimited-mileage warranty. All maintenance will be carried out by local dealer, Thompson Commercials.

"The support from Dave Forster and the Thompson Commercials team has been excellent throughout the entire process. They made sure they fully understood what we were looking for and helped specify the vehicles to meet our exact requirements. Their knowledge and customer focus gave us complete confidence in choosing to make the switch to Isuzu," adds Norvell.

Bin Boutique offers kerbside bin sanitation services for domestic and commercial customers across the North East, using purpose-built vehicles to wash, sanitise, and recover wastewater so it can be responsibly disposed of, minimising impact on the local environment.
