**MAC'S TRUCK RENTAL ACCELERATES GROWTH IN SCOTLAND WITH NEW PERTH SITE**

Mac's Truck Rental has opened a new dedicated facility in Perth, aimed at supporting its growing customer base in Scotland with self-drive trucks and trailers, tailored to local market needs.

The new facility offers capacity for up to 20 specialist vehicles to be kept in stock, including tankers, beavertails, crane trucks, tippers, skip loaders and hook loaders, alongside flatbed and plant trailers – assets that typically have long production lead times if purchased outright. All vehicles can be deployed on the customer's choice of either short-term flexible rental or longer-term contract hire, the latter fully liveried to each operator's precise requirements.

Jeff Wright, Sales Director, Mac's Truck Rental, says: "Establishing our new site in Perth is a strategic move that brings us closer to key customers working across the Highlands and Islands, while still being just an hour from Scotland's busy central belt.

"This location ensures we can deliver the exceptional service our growing Scottish customer base expects – whether it's sitting down together to plan future fleet additions or responding to a new contract win and needing a ready-built truck or trailer on the road in double quick time."

Celebrating its 10<sup>th</sup> anniversary this year, the opening of the new facility in Scotland is a perfect illustration of how Mac's Truck Rental continues to go from strength to strength. Part of Mac's Truck Sales Group, the business enjoys a reputation for outstanding build quality and efficient design, with the majority of all bodybuilding carried out in-house at the company's Huddersfield headquarters – which is also a centre of excellence for crane truck manufacturing.

All Mac's Truck Rental vehicles are supplied with a full manufacturer's warranty, nationwide breakdown assistance and dedicated maintenance support.

The new site is located five miles northeast of Perth city centre, along the main A94: Mac's Truck Rental, Townhead Courtyard, Balbeggie, Perth, PH2 6ET.

ends

**Note to editor:**

Mac's Truck Rental is a major provider of specialist, heavy-duty commercial vehicles on both short-term flexible rental or longer-term contract hire. Part of the Mac's Truck Sales group, the company is based in Huddersfield, offering nationwide coverage, which includes a dedicated facility in Perth, Scotland. Mac's Truck Rental operates a modern, high-spec rental fleet which includes beavertails, crane trucks, skip loaders, hook loaders and jet/vac tankers, the majority built in-house to exact customer requirements.
