HARROWDEN TURF PICK MV COMMERCIAL AGAIN

Following a three-year relationship with MV Commercial, Harrowden Turf was quick to return when they needed four new tractors and curtainsided trailers for operation throughout the southern half of the UK.

Sporting a distinctive livery, the DAF XF Superspace tractors are being used in conjunction with specially adapted rear steer trailers, which include 11 FIX-Bungee roller carriage units for securing the loads.

Commenting on the contract, Richard Boyson, Group Transport Manager at the company said: “The units are operating five days a week on a multi drop basis averaging approximately 100,000 miles per annum. It is vitally important that with the type of loads being carried a strong and versatile restraint system is in place - hence the sophisticated net system installed.

“The relationship established with MV goes beyond merely selling a vehicle as they truly understand all our operating requirements and stay close at all times.”

ends

Note to editors:

MV Commercial provides sales and leasing for commercial vehicles, as well as specialising in areas such as crane truck design and engineering, livery and painting. Founded in 2001, the company currently employs more than 150 staff at seven sites across the UK, carrying a stock of more than 1,500 LCV and HGV vehicles.
