RECORD TIME DELIVERY FROM MV COMMERCIAL SOLVES CONCERNS FOR JAW HIRE

When Cornish-based Jaw Hire needed a new high spec delivery vehicle, owner Tony Wagner turned to MV Commercial for the solution.

“The company is renowned for always having a good stock of specialist vehicles and on this occasion they had exactly what I needed in production and were able to meet my demands literally ‘off the peg’ and in record time,” explained Tony.

The vehicle - a DAF XF480 Space cab 8x2 with a Sterling Cheesewedge body – is a new addition to the fleet and will be used to deliver a wide range of plant including excavators, dumpers and twin drum rollers to sites throughout the south west from the company’s Liskeard base.

Jaw Hire operates over 80 pieces of equipment which are also available for sale on a global basis.
