

Release date: 19 September 2017

STONEHAVEN TEAM GOES FROM STRENGTH TO STRENGTH

Stonehaven Consulting has added further expertise to its already impressive team by appointing Brian Kopp as a Partner. Mr Kopp has 20 years' experience in the Healthcare industry, including the last 10 years as CFO and VP of Operations and Strategy with Elanco Animal Health.

Stonehaven has been steadily building a team of consultants with many years' experience in the industry in order to offer strategic support to companies of all sizes and from all parts of the world. According to founder George Gunn, Mr Kopp's appointment is an example of how Stonehaven puts people at the centre of everything it does.

"I believe that companies are only as good as the people who work for them. It is people who make all the difference to how companies perform.

"So our aim has been to recruit people with an impressive amount of experience who want to use that resource to help clients grow beyond their expectations," added Mr Gunn.

"Brian fits perfectly into that model and I am very happy that he has joined our team."

Mr Kopp was associated with an increase in revenues from \$700 million to more than \$3 billion over the 10 years he spent at Elanco, and is excited by the opportunity to use this experience and insight to help clients develop and realise their strategic goals.

ends

Notes to editor:

Stonehaven Consulting was founded in 2015 by George Gunn, former CEO of Novartis AH. The company is based in Switzerland and has a global client base consisting of life science companies. A small team of highly qualified and experienced individuals use their know-how and network to help companies set and exceed their strategic goals.
