TRANSAID WELCOMES PROLOG FULFILMENT AS A CORPORATE MEMBER

International development organisation Transaid has welcomed warehousing fulfilment and contact solutions specialist Prolog Fulfilment as the latest supporter to enrol in its growing corporate membership programme.

Prolog Fulfilment joins some of the biggest and most influential organisations in the transport and logistics sector in supporting Transaid, which now has 36 corporate members. Together, these organisations contribute time, expertise and resources to help Transaid achieve its primary goals of improving commercial driving standards and ensuring people have improved access to healthcare in sub-Saharan Africa.

Neil Daniells, Managing Director at Prolog Fulfilment, says: “Transaid is an incredible organisation that undertakes life-saving projects across Africa in the logistics sector, and corporate membership was a great opportunity for us to get involved in the fantastic work they do.

“We wanted to support an organisation closely associated with our own industry, and Transaid ticked every box. There’s real excitement within our team for what we can help Transaid achieve.”

As part of the corporate membership, Prolog Fulfilment will be encouraging its staff to participate in fundraising events to raise additional money for Transaid. Corporate member activities can include opportunities for team members to work on secondments with Transaid overseas, for periods ranging from a week up to six months.

Caroline Barber, Chief Executive at Transaid, says: “We are incredibly lucky as an organisation to have access to a wealth of expertise within our corporate membership base,

137 Euston Road, London, NW1 2AA

Note to Editor:

About Transaid

Transaid transforms lives through safe, available, and sustainable transport. Founded by Save the Children, The Chartered Institute of Logistics and Transport (CILT), and its Patron, HRH The Princess Royal, the international development organisation shares 25 years' worth of expertise in 23 countries with partners and governments – empowering people to build the skills they need to transform their own lives.

Transaid's core work includes creating transport management systems for the public sector and assisting with the provision of professional driving qualification development and the training of driver trainers. It also assists with teaching preventive vehicle maintenance management and introducing local, low cost transport solutions including its innovative bicycle ambulance. Transaid also helps promote road safety awareness and shares its specialist knowledge with the humanitarian aid sector.

Transaid enjoys strong backing from the transport and logistics industry and the active involvement of its patron, HRH The Princess Royal.
