**About Transaid**

Transaid transforms lives through safe, available, and sustainable transport. Founded by Save the Children, The Chartered Institute of Logistics and Transport (CILT), and its Patron, HRH The Princess Royal, the international development organisation works with communities, partners, and governments to solve transport challenges throughout sub-Saharan Africa.

Transaid works in two core areas, road safety and access to health, to solve two of the biggest transport challenges in sub-Saharan Africa. Transaid's road safety work focuses on influencing safe driver behaviour with long term programmes in Ghana, Tanzania, Uganda and Zambia, responding to local needs for improved training for drivers and riders of trucks, buses, motorcycles and forklift trucks. On the access to health side, Transaid is working with local partners and communities to strengthen access to health services, primarily in rural areas. They are also working to strengthen health supply chains in collaboration with local partners and governments.

Transaid enjoys strong backing from the transport and logistics industry and the active involvement of its patron, HRH The Princess Royal.
